

## **New online drug information resource for dentistry**

Dear Class,

The library has added a new online drug information resource for dentistry.

LexiComp is available on campus or at the Hospital at <http://online.lexi.com>.

You can also access the website from home using EZProxy

<http://proxy.library.mcgill.ca/login?url=online.lexi.com>

(Before being connected you will be prompted to enter your McGill Username and password.)

Lexicomp and all McGill's online dental resources are available at

<http://www.mcgill.ca/library/find/subjects/health/dentistry/>
