

Dear Research Community members,

The Network for Canadian Oral Health Research ncohr-rcrsb.ca is pleased to announce three [Funding Opportunities](#). <http://209.162.178.217/page.asp?id=56>

The closing date for submission of proposals is **January 15, 2014**.

1. Team Building Workshop

- Two awards of up to \$30,000 will be granted to facilitate the development of new, collaborative, multidisciplinary teams to investigate an oral health research theme.

2. Summer Research Institute

- One award of up to \$20,000 will be granted to provide support for a Summer Institute focused on providing research methodology skills training to junior and mid-career dental/oral health researchers.

3. Grant Development

- One award of up to \$10,000 will be granted to support oral health researchers in preparing a successful research grant submission at the national or international level.

If you are not already a member, then we invite you to join the network:
