

SSMU musical group looking for new members (undergrads)

Do you play an instrument? Would you like to participate in volunteer concerts in the community? We are a group of students who enjoy playing the instrument and sharing the joy of music with patients at hospitals and senior homes. There is no need to be professional, and we perform about 3 times max per semester (~ 1 hour each) . We recruit interested performers year-round! We are also looking for:

VP External (should be able to play an instrument and being able to speak French is an asset) who will be in charge of contacting hospitals and senior homes and helping out with activities night and fundraisers.

VP Internal (preferably musically proficient) similar to VP External tasks except instead of contacting venues, he/she will be our main performer for every concert.

Performers

If interested in joining us as performers or on the exec, please e-mail us at fantasiacgill@gmail.com.
