

*It is with great pleasure that I announce that this year's Dr. Howard S. Katz Award for Excellence in Teaching in Dental Education has been awarded to Dr. Nathalie Morin.*

*Nathalie was selected for this year's award in recognition to her outstanding contributions to the undergraduate teaching program in the Faculty of Dentistry, in particular, her very important work in developing the preclinical and clinical teaching of caries management, with a focus on evidence-based diagnostic, preventive and non-surgical management approaches. In addition, her devotion in developing and continually improving the undergraduate dental program and promoting the highest standards of care for all patients, were highlighted in the nominating letters.*

*Congratulations to Dr. Morin on being named recipient of this award.*

*Michelle*

Michelle Dion, Assistant to the Dean, Faculty of Dentistry - McGill University
