

Dental Faculty, Continuous Posting, Position 58422

The University of Missouri-Kansas City is seeking faculty members to fill several positions with specific emphases. All positions are a 100% benefit eligible, full time, non-tenure track at the rank of Clinical Assistant/Associate Professor in the Departments of Restorative Clinical Sciences or Orthodontics and Dentofacial Orthopedics. Salary will be commensurate with qualifications and experience. A DDS/DMD or equivalent with eligibility for Missouri licensure is required unless otherwise noted. Qualified candidates may be eligible to participate in faculty practice one day per week.

Please reference the appropriate emphasis (Generalist, Operative, Orthodontics, or Prosthodontics) in your letter of interest to ensure proper routing of your application:

- Generalist - provide instruction for pre-doctoral dental students. This includes instruction and evaluation of students in diagnosis, treatment planning, restorative dentistry, endodontics, and non-surgical periodontics. Advanced Education in General Dentistry/General Practice Residency training or equivalent is preferred.
- Operative – provide didactic and laboratory instruction for pre-doctoral dental students with an emphasis on Operative Dentistry. Clinically, responsibilities will include instruction in all aspects of general dentistry. Advanced Education in General Dentistry/General Practice Residency training or advanced training in Operative Dentistry is preferred.
- Orthodontics – provide instruction for pre-doctoral dental students and orthodontic residents in the classroom, laboratory and clinic. Applicants must have a certificate from an Advanced Education Program in Orthodontics & Dentofacial Orthopedics and a commitment to teaching and service. Clinical orthodontic experience, a MS or equivalent degree, and ABO certification are preferred. US DDS/DMD and Missouri licensure desirable, not required. For non US DDS candidates with US training and board eligibility in prosthodontics, an internationally-trained faculty DDS program is available after an initial period of service.
- Prosthodontics – provide instruction for pre-doctoral dental students in the classroom, laboratory and clinic with opportunities for research and clinical practice for the qualified candidate. Candidates should have a DMD/DDS degree, and advanced training in Prosthodontics. For non US DDS candidates with US training and board eligibility in prosthodontics, an internationally-trained faculty DDS program is available after an initial period of service.

UMKC is part of the University of Missouri, with excellent fringe benefits package www.umkc.edu. Applicants should submit a letter of interest, a CV, names and contact information for three references in one document online to www.umkc.edu/jobs. Please direct inquiries and correspondence to: Dr. Pamela Overman, (overmanp@umkc.edu) Associate Dean for Academic Affairs, UMKC School of Dentistry. UMKC is an equal access, equal opportunity, affirmative action employer that is fully committed to achieving a diverse faculty and staff. Persons are selected on the basis of ability without regard to race, color, sex, age, national origin, sexual orientation, religion, disability, or veteran status. All final candidates will be required to pass a criminal background check prior to beginning employment.
