

For the past few years, the Research Institute of the MUHC has offered training opportunities for biomedical trainees and employees of the MUHC to gain **business skills** concurrently with your degree. This week, I am hosting information sessions on this program; there will be free coffee and snacks.

To see what recent graduates think of this program click here: <http://youtu.be/5wW4X8JCE-g>

If you ever thought of supplementing your degree with business knowledge, this program is for you!

Please spread the word to any students, technicians, associates or other MUHC employees who might be interested, and don't hesitate to E-mail me if you have any questions.

Thanks,

Patrick Logan, M.Sc., Ph.D.
CAT Program Coordinator
