

Outstanding Alumnus Award

It gives me great pleasure to announce that Dr. Robert David has been selected as the recipient of the Faculty of Dentistry's Outstanding Alumnus Award for 2014. As many of you will know, Bob David was a clinical supervisor in the undergraduate teaching clinic and also directed the Faculty's Continuing Education Program for many years. Bob has been an active member of the Faculty since 1963. His service to and support of the Faculty has been truly remarkable and we are very pleased to honour him with this award.
